Cllr Redgrift updated on the meeting of the Parish Council Liaison Panel which he had attended at the CATCH building in Stallingborough on 26th November. The meeting was a useful opportunity to meet colleagues from Stallingborough Parish Council and representatives from local businesses incl Humber Bank factories. Humberside Police had attended and given an update which included a report on the increase of burglaries; and a current seasonal campaign to identify people speeding and/or drink driving

Resolved That the update be noted

14/89  REPORT ON HALL REPAIRS

Cllr Masterton reported as he has been liaising with relevant parties. He gave an update saying that we are still waiting for panel replacements; he has raised concerns over the plaster cracking in the corners which he has been told is due to seasonal reasons and will not be rectified; also the entrance to the Hall is gravelled which is a breach of NELC planning requirements. There was a vote held on the proposal for the Council to accept responsibility of the gravel sweeping. This was not upheld.

Resolved That Cllr Masterton would advise the architect on behalf of the Council saying that they do not accept responsibility of the gravel sweeping and that the Chair will check the contract details

14/90  FUNDING OPPORTUNITIES

Cllr Thomas introduced this subject. She proposed that the Council need to look for funding to help with the ongoing costs of the Village Hall; to look for help with the funding towards the reinstatement of the Village Litter Picker; and to identify what help is available to assist local community groups esp those who say that they are struggling to afford to pay to rent the charges of the Village Hall, including the option of requesting financial help from local ward councillors. The Clerk advised that the Village Council is unable to use the Clerks time to support the sourcing of funding for third parties. However the Clerk made the suggestion that VANEL are able to offer this kind of support; and also suggested that attendees at the Parish Council Liaison Committee could raise the issue of support from local businesses rather than the Clerk writing individually to them all. A vote was held and a majority were in favour of identifying and making available information on potential funding sources

Resolved

• That the Councillors would identify and make available information on potential funding sources.
• That the Clerk would contact VANEL on behalf of the Council to make arrangements to join the organisation and to receive relevant advice especially that relating to funding.
• That Councillor Redgrift would raise the issue of local businesses supporting the provision of the reinstatement of a village Litter Picker and possible contributions in relation to the Village Hall at the next meeting of the Parish Council Liaison Committee
