

SCHEME OF PUBLICATION

The Scheme of Publication sets out what kinds of information that the ICO would expect Parish Councils to provide in order to meet their commitments under the model publication scheme.

The ICO would expect Parish Councils to make the information in this definition document available unless:

- (a) it does not hold the information;
- (b) the information is exempt under one of the FOIA exemptions or Environmental Information Regulations exceptions, or its release is prohibited by another statute;
- (c) the information is readily and publicly available from an external website; such information may have been provided by the public authority or on its behalf. The authority must provide a direct link to that information;
- (d) the information is archived, out of date or otherwise inaccessible; or,
- (e) it would be impractical or resource-intensive to prepare the material for routine release.

The legal commitment is to the model publication scheme, and public authorities should look to provide as much information as possible on a routine basis.

Publishing datasets for re-use Public authorities must publish under their publication scheme any dataset they hold that has been requested, together with any updated versions, unless they are satisfied that it is not appropriate to do so. So far as reasonably practicable, they must publish it in an electronic form that is capable of re-use.

If the dataset or any part of it is a relevant copyright work and the public authority is the only owner, the public authority must make it available for re-use under the terms of a specified licence. Datasets in which the Crown owns the copyright or the database rights are not relevant copyright works.

The Datasets Code of Practice recommends that public authorities make datasets available for re-use under the Open Government Licence.

The term ‘dataset’ is defined in section 11(5) of FOIA. The terms ‘relevant copyright work’ and ‘specified licence’ are defined in section 19(8) of FOIA. The ICO has published guidance on the dataset provisions in FOIA. This explains what is meant by “not appropriate” and “capable of reuse”.
